RE: Carneal Lane Land Bridge Project
Recommendation of Award

Dear Mayor Potter:

We received bids earlier today for the City of Oak Grove Carneal Lane Land Bridge project. A total of four bids were submitted. These bids are summarized as follows:

Kyler Bridge Co. – Cadiz, KY	\$211,982.00
Scott & Murphy – Bowling Green, KY	\$237,240.00
Cambry Contracting – Morgantown, KY	\$241,342.00
Van Meter Contracting – Bowling Green, KY	\$248,900.00

We called the references listed by Kyler Bridge Company, and received strong recommendations from those we were able to reach. Kyler is pre-qualified in the area of bridge construction by the Kentucky Transportation Cabinet as required in the bidding documents. No irregularities were found in Kyler's bid.

We recommend award of the construction contract to the low bidder, Kyler Bridge Company at their bid amount of \$211,982.00.

Sincerely,

McGHEE ENGINEERING, INC.

Michael W. McGhee, PE
President
